SUMMARY

Experienced Full Stack Developer with 7 years of success in building scalable, high-performance web applications. Proficient in front-end and back-end development, with a focus on clean code, seamless user experiences, and real business value. Known for solving complex problems and delivering production-ready solutions in fast-paced, team-oriented environments.

WORK EXPERIENCE

Full-Stack Developer Full time , TilTek Company

July 2022 - Present

- Worked with UX/UI designers to build responsive, user-focused web applications with personalized content and interactive features. Emphasized performance, scalability, and seamless cross-device experiences to enhance user engagement.
- Built an SMS and IVR system to cut appointment no-shows and automate service notifications—used by 55% of users nationwide.
- Led a team in successfully delivering a complex engineering project on time and within allocated budget.

Full-Stack Developer Part time , HayoSpir Technology

May 2019 - Nov 2020

- Developed a mobile food delivery app with React Native and Node.js, enhancing order tracking, payments, and performance, increasing retention by 30%
- Built a CRM system with Angular and Node.js, featuring a customizable dashboard, email automation, and data analytics for enhanced customer engagement.
- As a Full Stack Developer, I build features that enhance job platforms for both seekers and employers, contributing to a 70% job match success rate through user-focused design.
- Built a responsive portfolio site with Angular and Express.js, featuring smooth transitions, optimized images, and integrated contact forms, boosting user engagement and lead generation.

Front-End Developer Intern , Behabesha Company

| 2018 - 2019

- Built responsive web interfaces with HTML, CSS, and JavaScript, including a dynamic homepage carousel to boost user engagement.
- Developed a responsive analytics dashboard in React.js with interactive charts to simplify data visualization and support client decision-making.

EDUCATION

Bachelor's Degree in software engineering

2017 – 2022

Addis Ababa University
